ALWAYS 6 BLACKJACK IS HERE

REGULAR BLACKJACK WITH A TWIST

Now live, Always 6 Blackjack is the latest addition to our Always game series. This unique variant blends classic Blackjack with a unique twist that brings greater predictability and strategic depth to every round.

FRESH NEW STRATEGIES

The game follows traditional Blackjack gameplay with one important difference: the dealer's open card is always a 6 without a suit. This distinctive feature gives players greater insight into the dealer's starting hand, allowing them to make more informed decisions and refine their strategy throughout the game.

In addition, new VIP tables for Always 6 Blackjack have been introduced, designed for players seeking a more exclusive and premium gaming experience.

BOOSTED WINNINGS WITH LUCKY LADIES

Always 6 Blackjack also features the Lucky Ladies side bet, giving players an extra chance to win when their first two cards form a total of 20 or include a Queen. With several winning combinations available, the highest-value hand — a pair of Queens of Hearts — can deliver payouts of up to 200:1.

KEY FEATURES

- The dealer's open card is always a 6 without a suit
- Fewer possible card combinations from the dealer's side
- Lucky Ladies side bet with a potential payout of up to 200:1.

DRAGON DRAGON IS LIVE

COINS LAND AND DRAGONS ARE UNLEASHED

It's here! Dragon Dragon is the dynamic two-coin live game where every shake builds anticipation. With straightforward rules and quick rounds, Dragon Dragon creates a gaming experience that is easy to understand and instantly engaging.

RED, GOLD OR A MIX?

The game features two bowls, each containing a single coin with a Red Dragon side and a Gold Dragon side. At the start of each round, players place bets on how they think the coins will land: both Red Dragon sides up, both Gold Dragon sides up, or one of each. Once betting closes, the game presenter shakes each bowl in turn before revealing the outcome.

Set in an Asian-themed studio, your players are sure to love Dragon Dragon and predicting how the dragons will fall.

KEY FEATURES

- Simple, fast-paced rounds
- High RTP across all bets
- Dramatic reveal of coins keeps players entertained.
