CRAZY BALLS IS LIVE

OUR NEWEST GAME SHOW WITH ALL CRAZY TIME'S BONUS GAMES

Dive into the action with Crazy Balls, a one-of-a-kind blend of Crazy Time's thrilling Bonus games and an exciting bingo-inspired main game. It's a whole new way to play!

FUN BALL DRAWS

Place your bets on up to four standard cards or opt for Bonus game cards to unlock even more excitement. After betting closes, the game host activates random daubs and multipliers on the player's selected cards.

- Daubs represent drawn numbers that mark your card.
- Multipliers can significantly boost your winnings when matching balls are drawn.

In every round, 20 random numbers from 1 to 60 are drawn. Match them to complete lines on your cards and collect amazing rewards!

ACTION-PACKED BONUS GAMES

The excitement doesn't stop with the main game — Crazy Balls features four thrilling Bonus games packed with guaranteed multipliers. In Coin Flip, a red-and-blue-sided coin determines your multiplier, while Cash Hunt lets you pick a hidden multiplier from a wall of 108 symbols. Pachinko cranks up the fun as a puck bounces down a pegboard toward multipliers as high as 10,000x, and Crazy Time takes it to the next level with a giant 64-segment wheel offering multipliers up to 20,000x.

Don't miss your chance to offer your players nonstop action and big wins — jump into Crazy Balls today and let the fun begin!

TWO NEW BLACKJACKS

LIVE NOW! MORE VARIANTS, MORE STRATEGIES, MORE FUN

INFINITE BET STACKER BLACKJACK

We're excited to announce that Infinite Bet Stacker Blackjack is now live! This exciting new twist on Blackjack brings enhanced gameplay and the opportunity to stack your main bet for bigger potential rewards.

This game offers all the classic Blackjack bets, along with four exciting side bets: 'Perfect Pairs', '21+3', 'Hot 3', and 'Bust It'. It also includes the thrilling 'Six Card Charlie' rule.

BONUS MULTIPLIERS

Before the initial cards are dealt, a random Bonus Element is generated, resembling a playing card rank, giving players the chance to multiply their main bet by 25%, 50%, 75%, or even double it if their initial cards match the Bonus Element's rank.

Once the cards are dealt, if one or both of your cards match the Bonus Element's rank, the corresponding amount will be added to your main bet. After the Bet Stacker phase concludes, the game continues as regular Infinite Blackjack.

Give your players the chance to try out this innovative gameplay and discover new opportunities for impressive wins!

EASY BLACKJACK

The wait is over! Easy Blackjack is now live, bringing another exciting new spin to the classic game. Get ready for a fast-paced and dynamic gaming experience!

In this version, unlike traditional Blackjack, cards are only dealt to the dealer.

BET ON A PRE-DEFINED SCORE

Your goal? Bet on one of the pre-defined hand scores — 16, 17, 18, 19, or 20 — and try to outplay the dealer, whose hand is the same for everyone. For an extra thrill, you can also place a chip on the 'Bust It' side bet, giving you a chance to win regardless of the main bet's result.

This fresh gameplay style breaks from traditional Blackjack strategies, giving you a whole new way to enjoy the game.

ALWAYS 8 BACCARAT

GLOBAL LAUNCH SOON!

The standout feature of this Baccarat game is the rule where the Banker's first card is always an '8', adding a unique dynamic to every round. This opens the door for players to refine their strategies and spot emerging patterns.

The objective of the game remains the same as in traditional Baccarat: predict whether the Player or Banker will achieve a score closest to 9, or opt for a Tie if you believe the scores will be equal. For those seeking even more thrills, side bets like 'Banker Pair' and 'Player Pair' offer extra opportunities for large payouts.

Set in a luxurious gold-themed studio, Always 8 Baccarat is a stunning new addition to our premier Baccarat line-up.

Live
BLACKJACK

Coming soon is another great way to enjoy Blackjack with a difference.

Following the recent go-live of Infinite Bet Stacker Blackjack, we are also introducing the classic seven-seat version of the same 'Stacker' game. It's the perfect choice for those who prefer to play with other players at the table and take part in a more social gaming experience.

SEVEN SEATS PLUS BET BEHIND

Although there are seven seats at the table, the Bet Behind feature still allows an unlimited number of players to enjoy this version of the game and win by betting on another player's hand.

Bet Stacker Blackjack rules remain the same as in Infinite Bet Stacker Blackjack — providing players with the chance of greater wins as a result of a potential stacked main bet.

RED DOOR ROULETTE UPDATES

EXCITING CHANGES IN THE BONUS ROUND

Exciting updates are coming soon to our hit live game show, Red Door Roulette!

The Crazy Time Bonus game is getting a new feature: a player decision for the virtual wheel. When you enter the Bonus round, you'll now get to choose one of three flappers — green, blue or yellow — just like in the original Crazy Time Bonus game.

MULTIPLIED REWARDS

If you don't make a choice within the allotted time, no problem — a flapper will be randomly selected for you. Once everyone has their pick, the game host will activate the wheel. When it stops spinning, each flapper points to a segment, and the multiplier shown by your chosen flapper will be your reward.

Stay tuned for this exciting upgrade, and get ready to take control of the action in Red Door Roulette!

This update will be launched on 19 February 2025.
Contact your Key Account Manager for more information.
