TWO NEW BACCARAT GAMES NOW LIVE

MORE VARIANTS, MORE EXCITEMENT

INSURANCE BACCARAT

We're excited to introduce Insurance Baccarat, now live and adding a smart new layer of protection to classic Baccarat gameplay. This innovative variant keeps the rules players know and love, while offering added confidence when the action heats up.

Place your bet on Player, Banker or Tie, aiming to predict which hand will finish closest to nine. After the initial two-card deal, a third card may be drawn – and this is where Insurance comes into play. If the hand you backed was leading after the first deal but loses after the draw, your main bet is returned.

CHOICE OF MODES AND SIDE BETS

A 10% Insurance fee is automatically applied to all Player and Banker bets, ensuring seamless gameplay. Players can also switch easily between Commission and No Commission modes, and enhance each round with optional side bets such as Perfect Pair, Bonus and Super 6.

Give your players added confidence to enjoy the thrills of Baccarat – try Insurance Baccarat today!

ALWAYS 9 BACCARAT

A fresh addition to our Baccarat portfolio – Always 9 Baccarat is now live!

In this new Baccarat variant, the Banker begins every round with a guaranteed starting score of 9, creating new patterns, strategies and betting opportunities. The objective remains the same: predict whether the Player or Banker will land closest to nine, or place a Tie bet if you think both hands will match.

SIDE BETS FOR MORE CHANCES TO WIN

For even more excitement, Banker Pair and Player Pair side bets are available, offering additional chances to boost potential winnings.
