QUALIFYING MADE MORE FUN

This revamped gaming adventure features a brand-new Qualification slot, showcasing a captivating 3x3 row slot with five winlines. Spin the reels and aim for three scatter symbols in one go to unlock the iconic live Bonus round with the mysterious entity — the Banker.

But that's not all — scatter symbols can surprise with multipliers up to 10x, improving your chances for incredible wins.

BOOST YOUR POTENTIAL WINS IN THE TOP-UP PHASE

Before entering the live Bonus round, take advantage of the Top-Up wheel phase to increase your winnings. This phase features a 15-segment money wheel where you can choose the bet value, spin, and enhance the amount in your selected briefcases by 5x–50x your bet. It's an opportunity to boost your rewards and prepare for the next stage.

DEAL OR NO DEAL?

The live Bonus game begins with our game host taking you through the stages of the Deal or No Deal game show. All 16 briefcases are lined up behind the host, with one placed in the foreground.

As each batch of briefcases is opened, numbers are revealed, matching your selections. With each round, you're presented with a monetary offer and the choice to cash out. Decide whether to accept the Banker's deal or wait for the final briefcase. The decision is yours: Deal or No Deal?

KEY FEATURES

- Global multipliers that multiply the amounts in the briefcases
- XXXtreme and Super XXXtreme spins for faster qualification and higher multipliers

NEW GAME SHOW BOUNCING IN SOON!

Discover Crazy Balls, a crazy game mash-up that promises a standout gaming experience by merging the excitement of Crazy Time's Bonus games with a refreshing bingo-style main game.

FUN BALL-DRAWING MAIN GAME

In the main game, place bets on up to four regular cards or choose from the Bonus game cards for an opportunity to participate in the Bonuses.

Once betting ends, the game host triggers random daubs and multipliers on your selected cards. Daubs act as drawn numbers, while multipliers can boost your winnings if corresponding balls are drawn.

The main game features 3 multiplier types that can help you to boost your potential winnings.

During each round, a machine draws 20 random numbers from 1 to 60. Match these numbers on your cards to complete lines and earn rewards!

BONUS GAMES WITH MULTIPLIERS

Don't miss out on the four thrilling Bonus games, each packed with guaranteed multipliers:

- **Coin Flip:** Enjoy the anticipation as a red-and-blue-sided coin flips, awarding you the multiplier that lands face-up
- **Cash Hunt:** Test your luck by selecting a hidden multiplier from a wall of 108 symbols, with that multiplier then applied to your bet
- **Pachinko:** Watch as a puck travels down a pegboard, aiming for one of 16 multipliers at the bottom, with rewards reaching up to 10,000x

Ready to rev up your Blackjack experience? It's time to play Easy Blackjack, a unique new twist on the classic Blackjack game featuring redefined, high-speed gameplay dynamics.

Similar to Infinite Blackjack, this game allows an unlimited number of players to join the action. However, its standout feature is that cards are dealt only to the dealer. Instead of receiving cards, you bet on predefined hand scores — 16, 17, 18, 19 and 20 — to beat the dealer's hand, which is the same for all players.

Additionally, you can place a chip on the 'Bust It' side bet, giving you the chance to win regardless of the outcome of the main bet.

With the new gameplay flow, Easy Blackjack allows you to break free from traditional Blackjack strategy, unlocking new gaming experiences.

A FIRST IN THE CZECH REPUBLIC

OUR NEW PRAGUE STUDIO HAS GONE LIVE

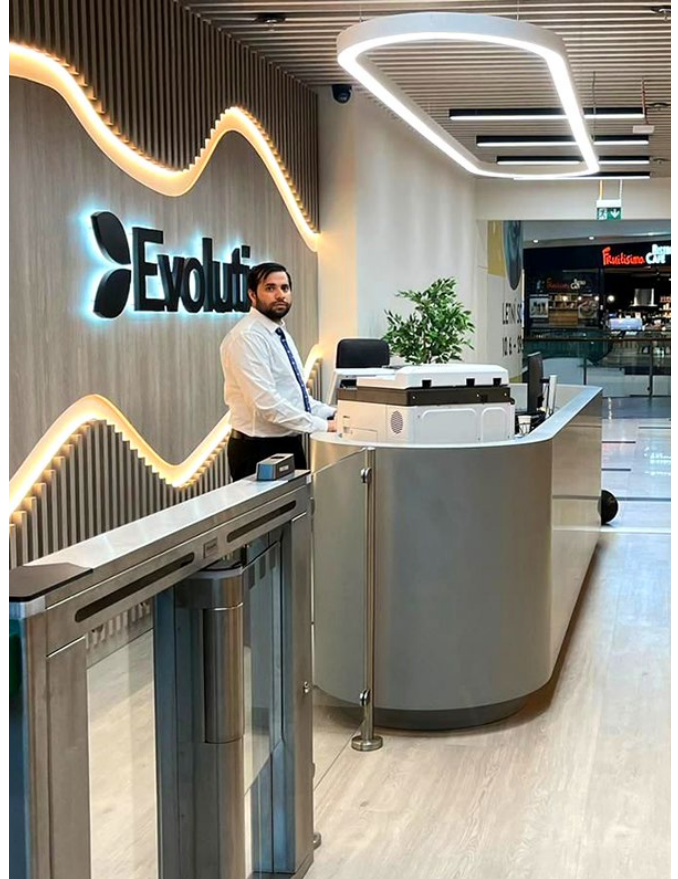

We are delighted to announce that our first ever live casino studio in the Czech Republic began broadcasting on Thursday 3 October.

Evolution's Prague studio, streaming live from a standalone, state-of-the-art facility within the Kajot Intacto land-based casino in Prague, initially offers Czech-focused operators Roulette and Infinite Blackjack live casino tables with native Czech-speaking dealers.

However, more live tables, including Blackjack, Roulette, Poker, and Baccarat, are set to launch in the coming weeks. These classic casino games will complement Evolution's well-established online slots portfolio already live in the Czech market.

Gionata La Torre, Evolution's Chief Executive Officer for Europe, said: "We are honoured to have launched the first live casino offering for the new Czech live casino market — and as part of an agreement with the Czech capital's premier land-based venue, Kajot Intacto Praha. Leading the way in new regulated markets is central to Evolution's growth strategy."

He added, "The Prague studio launch has opened up huge opportunity for Czech operators, as has the regulator's approval of our Infinite Blackjack and Roulette games. Offering these games with native Czech-speaking dealers helps create a more immersive and engaging experience for players, fostering a strong rapport between dealers and players, which is key to building trust and long-term customer loyalty."
